

7th Euroson-School
Interventional Ultrasound
 April 15 - 17 2024
 Berlin, Germany

Campus ACADEMY

INTERNATIONAL FACULTY

Nnange Ekwelle,
 Strausberg/ Wriezen, Germany

Dr. Heike Gottschall,
 Berlin, Germany

Prof. Dr. Christian Jenssen,
 Strausberg/ Wriezen, Germany

PD Dr. med. Peter Jo,
 Göttingen, Germany

Dr. med. Horst Kinkel,
 Düren, Germany

Dr. med. Thomas Müller,
 Wiesbaden, Germany

Prof. Dr. med. Dieter Nürnberg,
 Neuruppin, Germany

Dr. med. Christoph Schneider,
 Rüdersdorf, Germany

Prof. Zeno Sparchez, MD PhD
 Cluj Napoca, Romania

Dr. med. Thomas Ybinger,
 Vienna, Austria

Dr. med. Krisztina Zels,
 Königs Wusterhausen, Germany

GENERAL INFORMATION

Venue

Hotel Aquino and Congress Centre of the
 Catholic Academy
 Hannoversche Str. 5B, 10115 Berlin, Germany

Certification

CME credits will be awarded by
 Landesärztekammer Berlin.
 The Euroson school will be approved as
 DEGUM-Modul Interventional
 US I & II by the German Society for
 Ultrasound in Medicine (DEGUM).

Attendance Fee

520€ incl. VAT. Attendance fee includes
 EFSUMB and DEGUM certificates.

Breaks are covered by the organiser. A social event will be orga-
 nized and is included. Accommodation has to be organized by
 the participants.

INVITATION

Euroson School Interventional Ultrasound Berlin April 15th - 17th 2024

The Berlin Euroson School on Interventional Ultrasound was founded by Dieter Nürnberg and Klaus Schlottmann under the patronage of the Berlin-Brandenburg Ultrasound Society in 2010 and has since been well established in the European Interventional US community. The 7th Euroson-School 2024 offers you a well-balanced mixture of lectures and hands on training in almost all fields of sonographically guided interventions. Round table discussions and controversial sessions will help to offer an interesting and vivid learning ambience. European experts invite you to expand your knowledge and improve your skills – experienced sonographers are as welcome as “interventional novices”. Our Euroson school includes seven hours of hands-on training and interactive discussion. Sophisticated phantoms (biopsy, drainage, ablation) and ultrasound machines from handheld devices to high-end machines will be provided. Program will start in the late morning on Monday. Certificates will be handed out on Wednesday.

We are looking forward to a lively, instructive and inspiring Euroson School and invite you to join us in Berlin in April 2024.

Prof. Dr. Christian Jenssen, Dr. Thomas Müller
Course Organisers

PROGRAM, Monday April 15th

- 10.30 Welcome (*Jenssen, Müller*)
Basics **Chairs: Müller, Jenssen**
- 10.45 Principles of needle guidance: in plane / out of plane freehand / biopsy attachment / puncture probe (*Müller*)
- 11.05 Needle types: Principles and function
Full core (Biopince), Side notch (TruCut), Vacuum (Menghini), other principles
Access: Directly vs. coaxial technique (*Jo*)
- 11.25 HOT 1: Material: Needle types, drainages, in plane / out of plane technique (Faculty)**
Simultaneously: Exhibition of US machines, interventional materials, attachments, disinfection Methods (*Manufacturers, Companies*)
- 13.25 *Lunch break*
- US-guided biopsy: conditions for diagnostic success** **Chairs: Nürnberg, Müller**
- 14.15 Difficult access: Targeting & needle guidance by CEUS, fusion & needle tracking (*Jo*)
- 14.35 CNB or FNA? Histology or cytology? What is needed when? (*Jenssen*)
- Conditions for a safe biopsy/ intervention** **Chairs: Nürnberg, Jo**
- 14.55 Coagulation status and prevention of bleeding complications (*Jenssen*)
- 15.15 Infection prevention (*Müller*)
- 15.35 Sedation or local anaesthesia or nothing at all? (*Kinkel*)
- 15.50 Tumour seeding: a real risk? (*Jenssen*)
- 16.10 *Coffee break*
- Round table** **Chair: Ybinger**
- 16.30 Kinkel, Jenssen, Nürnberg, Zels Experience and Evidence: best practice in US-guided biopsy. How many needles should be in your cupboard? Most appropriate needle diameter, guidance and targeting, preparation of material (cytology, histology)
- 17.05 *End of first day*

PROGRAM, Tuesday April 16th

- Biopsies of particular tissues I** **Chairs: Sparchez, Jo**
- 8.00 Lymph nodes: biopsy or extirpation? (*Nürnberg*)
Pathologists comment (*Zels*)
- 8.20 Focal Liver Lesions: Which to puncture? (*Kinkel*)
Pathologists comment (*Zels*)
- 8.40 Diffuse Liver disease: Is biopsy still necessary in times of elastography? (*Jenssen*)
Pathologists comment (*Zels*)
- 9.00 Renal cancer: biopsy or primary resection? (*Kinkel*)
- Round table** **Chair: Müller**
- 9.20 Jenssen, Nürnberg, Ybinger, Zels Clinicians and pathologist in dialogue
Biopsy in an oncological case: plan, perform, interpret
- Biopsies of particular tissues II** **Chairs: Nürnberg, Ybinger**
- 9.40 Thyroid: What to puncture and how? (*Müller*)
- 9.55 Pancreas: if biopsy at all – always better by EUS? (*Jenssen*)
- 10.15 Spleen: really do it? (*Müller*)
- 10.35 Lung tumour biopsy: if you can see it...(*Müller*)
- 10.55 *Coffee break*
- 11.15 HOT 2: Biopsy Training.** In plane, out of plane, with and without attachment (*Faculty*)
Simultaneously: Exhibition of US machines, interventional materials, attachments, disinfection methods (*Manufacturers, Companies*)
- 13.15 *Lunch break*
- Drainage placement - Basics** **Chairs: Ekwelle, Kinkel**
- 14.00 Types of drainages: which to use when and why?
Pigtail drainage, Mushroom drainage, Sump drainage (*Jo*)
- 14.20 How to place a drainage: Seldinger’s way, Trokar technique (*Kinkel*)
- 14.40 Supportive use of CEUS (*Kinkel*)
- Specific Drainages and i.v. lines** **Chairs: Sparchez, Kinkel**
- 14.55 Vascular access (*Müller*)

- 15.10 Optimal treatment of abscesses and empyemas
The sonologist’s view (*Sparchez*)
Surgeon’s opinion (*Ekwelle*)
- 15.30 *Coffee break*
- 15.50 Acute cholecystitis: is percutaneous drainage an option? (*Müller*)
Surgeon’s comment (*Ekwelle*)
- 16.10 PTCd: the percutaneous and the rendezvous approach (*Nürnberg*)
- 16.30 EUS-guided biliary drainages: gadget or benefit? (*Jenssen*)
- 16.45 Pitfalls in interventional ultrasound (*Faculty*)
- 17.00 The urinary system: Nephrostomy and bladder fistula (*Müller*)
- Round table** **Chair: Jenssen**
- 17.20 Experience and Evidence: best practice in US-guided drainage (best drainage type, lock or not lock, how to fix: Threadlock, Harzmann-Disc, Suture; best diameter, inside/outside/ both, suction, flushing, ...) (*Faculty*)
- 18.00 *End of second day*
- 19.00 *social event*

PROGRAM, Wednesday April 17th

- Locally ablative therapies** **Chairs: Müller, Ybinger**
- 9.00 Basic principles of ethanol, heat and cold and HIFU...(*Ybinger*)
- 9.15 Unresectable liver tumours: what can we do and how? (*Ybinger*)
- 9.30 Cyst therapy by ethanol or what else? (*Sparchez*)
- 9.50 Thyroid nodules in patients not eligible for surgery – how about ablation? (*Müller*)
- 10.05 HOT 3: Drainage** placement, vascular access, locally ablative therapies
Simultaneously: Exhibition of US machines, interventional materials, attachments, disinfection methods (*Manufacturers, Companies*)
- 12.00 *Lunch break*
- Pitfalls: Lessons learnt from what went wrong** **Chairs: Jenssen, Sparchez**
- 12.45 Case presentations and discussion (*Faculty and Participants*)
- 13.45 Closing words and certificates (*Müller, Jenssen*)
- 14.00 *End of Euroson School 2024*
